

IN THE SPECIFICATION

Please amend the specification as follows:

On page 6 of the specification, with respect to the English translation submitted July 19, 2002, after line 22, please insert the following paragraph:

In the preferred embodiment, the width of the bow shaped bars 4, 5 is 10 to 50% smaller than the width of a straight bar or portion of the zigzag shaped annular elements 2, 3.
